Tulip Thank You card

Stampin Up Clean and Simple (CAS) Tulip Thank You card made using the Pleased As Punch Coordination Designer Series Paper (DSP). See more cards and 3-D projects at <https://www.stampingmom.com/tulip-thank-you-card>

Supplies needed:

- Pleased As Punch Designer Series Paper [153558]
- Tulip Builder Punch [151295]
- Scripty 3D Embossing Folder [149634]
- Basket Weave Dynamic Textured Impressions Embossing Folder [146841]
- Well Written Dies [148534]
- Layering Circles Dies [141705]
- Pool Party 8-1/2" X 11" Cardstock [122924]
- Daffodil Delight 8-1/2" X 11" Cardstock [119683]
- Whisper White 8-1/2" X 11" Cardstock [100730]
- Stampin' Dimensionals [104430]
- Snail Adhesive [104332]
- Paper Trimmer [152392]

Project Recipe:

1. Cut 5-1/2" x 8-1/2" Pool Party Cardstock (CS) scored at 4-1/4" to form card base.
2. Cut 1" x 5-1/4" and 2-1/2" x 5-1/4" Pool Party CS and run through Big Shot with the Scripty embossing folder. Make sure you put the CS in the folder with the words going in the direction you want them on the finished card. Add Stampin' Dimensionals to the back of both pieces.
3. Adhere the larger piece to the card leaving a 1/4" border on three sides.

4. Cut a 1" x 5-1/4" strip of Pleased as Punch DSP. Apply Snail Adhesive and tuck the edge under the Pool Party CS on the front of the card.
5. Add the 1" x 5-1/4" Pool Party CS to the card again leaving a 1/4" border around the three sides.
6. Run a scrap of Daffodil Delight CS through the Big Shot with the Well Written "thanks" die. Adhere to the bottom right side of the card.
7. Run a scrap of Daffodil Delight CS through the Big Shot with the 4th largest Scalloped Circle from the Layering Circle Dies. Adhere to front of card using Stampin' Dimensionals.
8. Run a scrap of Whisper White CS through the Big Shot with the 5th largest Circle from the Layering Circle Dies. Run through the Big Shot with the Basket Weave Embossing Folder and Adhere to the Daffodil Delight circle.
9. Using the Tulip Builder Punch cut a tulip from the Pleased as Punch DSP. Cut two leaves from the green piece of this DSP. Attach the leaves to the back of the tulip and adhere with Stampin' Dimensionals.
10. Send this card to someone to brighten their day! Please email me Beth@StampingMom.com with questions.
