Project Recipe:

1. Here are the directions for the basic Vertical Joy Fold card. You can look in the supplies at what I used to make this particular card. I made a video showing many different Joy Fold cards. <https://youtu.be/GminDulZ7fg>

To make the base card, cut Cardstock (CS) 4-1/4" x 8-1/4" scored at 5-1/2" If you want to put a layer on it is 4" x 5-1/4". (I didn't put this layer on.)The layer on the bottom flap is 2-1/2" x 4". Both of these layers are optional.

2. The smaller inside card is 3-1/4" x 9-1/4" scored at 4-5/8". The layer for outside and inside of this card is 3" x 4-1/4".

I made this inside card longer than usual to fit the tree on the front.

3. Decorate and embellish however you choose. Center the smaller inside card on the outside card.

I sprinkled flowers from the Confetti Flowers Border everywhere. :)
