2. Stamp sentiment with Poppy Parade ink on 2-3/4" x 4" Basic White CS.
3. Cut 2-1/4" x 4" DSP and adhere inside the card at the top and adhere the sentiment underneath as shown in the lower picture.
4. Cut and adhere 2-1/4" x 4" DSP to the gift card pocket. Run through the Stampin' Cut & Emboss Machine (SCEM) with the smallest Layering Circle die. This gives you a notch to get the gift card in and out. Adhere to the two sides of gift card pocket with Tear & Tape.
5. Fold the bottom flap up. Cut 2-3/4" x 4" DSP and adhere to the front of bottom flap as shown in the top picture.
6. Cut 3" x 3" Poppy Parade CS. Adhere the lower 1-1/8" to the bottom flap. Don't put adhesive on the top part of the square.
7. Cut 2-3/4" x 2-3/4" Shaded Spruce CS and run through SCEM with the Whimsical Woodland embossing folder. Adhere to the Poppy Parade square.
8. Stamp the Peaceful Deer with Shaded Spruce ink on Basic White CS. Punch out using the Deer Builder Punch. Pop up on Stampin' Dimensionals.
